

Reymond Sanchez

sanchezr1@wit.edu | (508)808-9725 | Framingham, MA | [linkedin.com/in/reymond-sanchez](https://www.linkedin.com/in/reymond-sanchez)

Education

Wentworth Institute of Technology (WIT), Boston, MA

Bachelor of Science in Computer Science

Expected: August 2026

Minor: Applied Mathematics, Electrical Engineering

Relevant Courses: Data Structures, Algorithms, Computer Science I & II, Computer Organization

Technical Skills

Programming Languages: MATLAB, C, C++, Java, Python, JavaScript, HTML, SQL, Perl,

Software: Adobe Creative Suite, Microsoft Office, Eclipse, Spyder, Wire Shark, Ubuntu, Visual Studio Code

Certifications: Learning Java 11, Python Essential Training, Complete Guide to C Programming Foundations, HTML Essential Training, JavaScript Essential Training, SQL Essential Training, Pharmaceutical Technician Trainee, and Seal of Biliteracy.

Projects

AI Connect 4 | Computer Science II

Spring 2023

- Collaborated with a team to design an interactive game, focusing on enhancing user engagement through intuitive gameplay mechanics.
- Implemented a Connect 4 AI agent in Python using minimax method, achieving over 85% win rate. While conducting rigorous testing and debugging to refine the AI's performance and improve overall game stability, demonstrating strong analytical skills and attention to detail in problem-solving.
- Integrated an interactive graphical interface using JavaFX, ensuring seamless gameboard visualization and enhancing the user experience through responsive design elements and smooth animations.

Searching for Exoplanets | Inspirit AI

Spring 2019

- Participated in a two-week Inspirit AI program leveraging NASA's Kepler telescope data, applying AI methodologies to identify exoplanets through pattern recognition and machine learning.
- Collaborated within a team, utilizing Python-based tools like TensorFlow and Keras to preprocess data and develop AI models tailored for exoplanetary transit detection.
- Effectively communicated findings and methodologies, showcasing adaptability and problem-solving skills crucial in navigating challenges inherent in working with astronomical datasets for exoplanet research.

Experience

Wegmans Pharmaceutical Technician

February 2025 - Present

- Medication Dispensing & Customer Service: Accurately prepare and dispense prescriptions, provide expert guidance to customers on medication usage, and address health inquiries.
- Sensitive Data Management: Enter and manage sensitive patient data in the pharmacy database, ensuring confidentiality and compliance with HIPAA regulations.
- Team Collaboration & Efficiency: Work closely with pharmacists and staff to optimize workflow, maintain safety standards, and deliver exceptional patient care.

Harvard University Technical Support Engineer

August 2025 – December 2025

- Provided Tier 1 and Tier 2 technical support for Windows and macOS systems, resolving hardware, software, networking, and account-related issues through in-person and remote support using ServiceNow.
- Imaged, configured, and deployed Windows and Apple devices using SCCM and JAMF; performed asset tracking, system updates, data migration, and new computer setups for faculty, staff, and students.
- Delivered high-level customer service while supporting students, faculty, and staff across multiple departments; identified IT trends, documented solutions, and assisted with lab and equipment support.

Leadership Experience

WIT Student Affairs, Boston, MA

Orientation Leader

June 2023 & August 2023/24

WIT Society of Hispanic Professional Engineers, Boston, MA

Vice President

September 2023 - March 2024
